[Add us to your address book](#)**Dear Professor Jangir,**

Congratulations on having your paper, **An enhanced asymmetric quantization Boolean encryption for secure routing in wireless sensor networks**, published online! We encourage you to share it with your colleagues and the wider research community to increase its visibility and potential citations.

Share the link to your paper:

Use the following link to easily share your paper with others:

<https://www.worldscientific.com/share/KYP4PEYYWHYQ3TIPCZBP?target=10.1142/S179396232550028X>

Maximize your paper's reach:

- Share on social media: We can help you craft a social media post to share your paper! Simply let us know which platforms you are active on and fill out this short form: [<https://forms.office.com/r/BmpZzL5Zqh>] (Please note, our assistance depends on whether WSPC is active on the specific platform).
- Explore further promotion options: Visit our paper promotion page for additional strategies you can use to enhance your article's reach: <https://www.worldscientific.com/page/authors/promoting-your-articles>
- We've also partnered with Editage, offering expert services to boost your paper's impact. Feel free to check them out here: <https://authorservices.worldscientific.com/research-communications/>

By sharing your work and utilizing these resources, you can ensure that your research makes a significant contribution to your field.

Explore the full journal and download your published paper:

We're delighted to offer you complimentary 30-day access to the entire journal! Click the link below to activate your access. To ensure a smooth experience, it is recommended to register for a free account before using the link.

Best regards,

The WSPC Journals Team

Tip: If you or your peers have trouble viewing a shared article because you see a message about a "claim number limit", try restarting your web browser and then clicking the "share" link again. This should fix the issue.
